## PRODUCTION HEALTH DISTANCING SOLUTION

## MANAGE SAFETY DISTANCE DURING PANDEMIC INFLUENCE

## DIGITAL INNOVATION

#COVID19: borns MIND THE \_GAP APP of Production Health Distancing created by Builti, innovative Start-UP in the field of civil and safety engineering.

### READY<sub>2</sub>GO

conceived to be **immediately applied** in all productive sectors and services operated inner/outer edifice:

- smartphone corporate/personal
- no infrastructure required
- no maintenance/support required
- license Software as a Service

### SMART<sub>2</sub>GO

companies can manage on their own:

- quick setup
- **QR-Code** activation
- Respects Privacy and GDPR
- is a **competitive advantage**

FACE ALREADY TODAY, IN "PHASE 1",  
THE EVENTUAL START OVER OF "PHASE  
2", PROVIDING ALL SAFETY SOLUTIONS,  
IS MANDATORY TO REDUCE TO  
MINIMUM THE INFECTION GRANTING  
A STEP BY STEP PRODUCTION RESTART

LA STAMPA 09/04/2020

follows Ministerial directives of 14<sup>th</sup> March 2020 **to contain and contrast** COVID-19 pandemic influence spread.

Conceived to provide safety to workers **constantly measuring** distances of co-workers/consultants/suppliers.

### Bluetooth® THINK SIMPLE!

to defeat complexity in inevitably short time.

**Android™** or **Apple IOS™** doesn't mind: if one or more smartphones are under safety threshold MIND THE \_GAP

- warns vibrating/sounding
- registers locally the contact
- in case of an infection, accepting a disclaimer, decrypts contacts log
